## About me

I am an individual who is enthusiastic, honest and tenacious. I take a statistical approach to life. I believe that even a small probability of success, given enough trials, any goal can be achieved. My life is balanced when I have: rigorous mental stimulation, relaxing social interaction and regular physical exercise. For leisure, I enjoy sports in nature such as: hiking, snowboarding and surfing.

## Interests

## Languages

- English
- French
- Afrikaans
- German

## Education

Tertiary: Postgraduate

- 2021 – 2024 **Doctor of Philosophy in Electrical Engineering** EPFL  
Research in machine learning and natural language processing.  
**PhD Research** EPFL  
Combining variational Bayesian non-parametric methods with deep attention-based models for representation learning.
- 2019 – 2020 **Masters in Advanced Analytics** UCT  
Statistics specialisation. Two year MSc including coursework and dissertation. Awarded SASA-NRF full bursary.  
**Master Thesis** UCT  
A comprehensive comparison study of Gaussian processes and variational autoencoders for statistical shape modelling of 3D meshes.

Tertiary: Undergraduate

- 2015 – 2018 **Bachelors of Business Science in Analytics** UCT  
A diverse commerce degree with a focus in statistics, mathematics and computer science. Honours year specialisation in statistics.  
**Honours Thesis (Distinction)** UCT  
Applying machine learning techniques to classify text articles. Presented South African Statistical Association conference 2019.

## Experience

- 2021-2024 **Research Assistant** Idiap  
Natural Language Understanding group at Idiap.
- 2018 **Intern Machine Learning Engineer** DataProphet  
Transfer learning for financial time-series data.
- 2017 - 2018 **Intern Data Scientist** Eighty20  
Team project for the water crisis in Cape Town - R and SQL.

## Teaching

- 2021-2024 **Teaching Assistant** EPFL  
Machine learning, Deep learning and NLP courses at EPFL.
- 2020-2022 **Engagement Tutor** GetSmarter  
Course Tutor: Business Analytics (UCT), Machine Learning (LSE).
- 2019 – 2020 **Subject Matter Expert** GetSmarter  
Course creation: Business Analytics (UCT), Machine Learning (LSE).
- 2017 – 2020 **Head Tutor: Statistics** UCT  
Managing, coordination, tutoring and assistant lecturing.

## Publications

PhD Research

- 2023 A VAE for Transformers with Nonparametric Variational Information Bottleneck ICLR

Research collaborations

- 2022 HyperMixer: An MLP-based Low Cost Alternative to Transformers Under review - ACL
